

- Animate the “Hello, friend”
- Add second page for “Reception”
 - Add arrows to jump to the two different reception pages
 - Add circles at the bottom to indicate which page (1 or 2) the viewer is on
- Body text line width is a little too long and the leading is little tight
- Third paragraph in Development is unnecessary
- Make images in Production page larger/add to background
- Add our names/roles and sources to the footer
- Make it more responsive
 - Text size going smaller
 - Nav changing to drop down nav
- Add hover color to footer nav
- Swap Janice out for Crista
