For Mockups

- Design home page (see outline on Assignments Page for content)
- Each section is separate page (see outline)
- For greatest achievements do the Emmy's and Golden Globe awards it has won
- Maybe look for font that emulates coding
- Start the top of the home page with the title of the first episode "Hello, friend", which is a recurring phrase in the show.
- Mostly one column in the center with some negative space on the sides
- You can have portions with two columns where one column is images and the other column is text
- Collapsible navigation on top corner (left or right)
- Go for a serious vibe (use more darker images)
- Use the Mr. Robot image in the creative brief
